

***Alignment and Classification  
Finalized  
Sept. 9, 2009  
Adjustment***

As per the process established and adopted on June 3, 2009

## Rules of Alignment and Classification

- A. Schools will be placed in a particular classification and/or district for a four year block (2010-2014).

Should schools increase or decrease in enrollment that potentially place them in a different classification the following process will be used during this four-year block:

- The 2010-2011 enrollment figures in grades 8-11 plus alternative school enrollment numbers will be used to potentially adjust a school's alignment for the remaining two years of the four-year block (2012-13, 2013-14).
- Should a school's 2010-11 80-day enrollment numbers fall in a lower classification that school can appeal to the NMAA Executive Director and Board of Directors to be adjusted for the remaining two years of the block.
- Should a school's 2010-11 80-day enrollment number increase thus potentially placing them in a higher classification the NMAA Executive Director and the Board of Directors could potentially notify the school and place them in a higher classification
- **Note:** The Board of Directors after evaluating the merits of the case will ultimately make the decision as to a school's classification for the remainder of the four-year block.

- B. In team sports schools will not be allowed to enter a classification and/or a district until the third year of the block. New schools or teams are encouraged to participate, yet they are not eligible for district or post-season play until the third year of the four year block or the beginning of the next block. The school must notify the NMAA, in writing, one year prior to the third year of the block to be considered for district and post-season competition.

- Exception- new schools who have made appropriate plans with the NMAA for the future will be allowed to enter during the middle of the four year block.

- C. In individual sports, such as cross country, golf, tennis, swimming & diving, wrestling and track & field, schools can enter a district anytime during the four year block with proper written communication to the NMAA.

- D. Independent status may be achieved by member schools in all team sports. Member schools who desire independent status must inform the NMAA of this intention one year prior to their original competition date.

- E. Schools may choose to play up in classification, but not down. They must inform the director in writing one year prior to the beginning of the four-year block to be granted this opportunity. Once the school makes this choice, they must play up the entire four-year block.

Exception: In the sport of football only, school can play at their actual classification, although they play up in all other sports.

Exception: Due to the geographic makeup of New Mexico and the lack of schools participating in certain sports (i.e. tennis), schools may be allowed to play up in classification to relieve travel issues, loss of school time, and to avoid one or two team districts. This can be accomplished by the school petitioning to the director for a recommendation to the Board of Directors.

- F. Schools that fail to complete seasons and/or fulfill contracts in any sport may be placed on probationary status in that sport and must petition the director and the Board of Directors to be eligible for post-season play the succeeding year. Schools must fulfill financial obligations as set by the director prior to eligibility being restored.

Alignment and Classification Proposal  
2010-2011 thru 2013-2014

**BASEBALL: 5 CLASSES**

**5A            21 SCHOOLS**  
**4A            27 SCHOOLS**  
**3A            21 SCHOOLS**  
**2A            22 SCHOOLS**
